CABINET TO ADVISE THAT FINAL NOTICE BE GIVEN GERMANY

PRESIDENT WILSON WILL RETURN TO THE CAPITAL SHORTLY TO CONFER WITH HIS ADVISORS OVER GERMAN SITUATION—HE HAS NOT MADE DECISION

OFFICIALS THINK CRUCIAL POINT IS NOW AT HAND

APPARENTLY THE REPORT THAT WILSON HAD REACHED A DECISION AND THAT HE DID NOT VIEW THE PRESENT SITUATION AS GRAVE IS WITHOUT FOUNDATION IN FACT

Associated Press
WASHINGTON, July 13.—President Wilson will return to Washington within the next few days to lay the entire German situation before the cabinet. This indicates that the president is undecided as to what policy will be pursued by the United States following the refusal of Germany to accede to its demands concerning submarine warfare, and sets at rest the reports that Wilson had already reached a decision that the situation is not serious.

Officials here continue to regard the situation as grave. As far as can be gathered here the president will find his advisers unanimous in the belief that the crucial point in the negotiations between the two countries, concerning submarine warfare and the sinking of non-belligerent ships by Germany, has been reached and that the next note to her must convey pointedly the purposes of the United States in the event that further violations of American rights in the war zone occur through her action.
